Swink warehouse - old sugar factory

HOW MANZANOLA CURBSIDE RECYCLING WORKS

1 Sort it

Orange bag: newspaper, office paper, junk mail, magazines and bagged shredded paper.

Green bag: plastic bottles, jars, jugs, tubs and buckets (#1, #2 and #5 only), plus aluminum cans and rinsed steel cans.

2 Bag it right

Use the colored bags. Tie filled bags with a simple bow tie. Place bags in your front yard or near the curb where the driver can easily see them.

3 Pickup day

Every other Thursday. Bags must be out by 8:00 am. CVR collects filled bags and replaces them with empties. Use a rock or brick to anchor new bags.

Cardboard: Break down boxes. Stuff cardboard into the orange bag or place it in one intact box alongside the bags for pickup.
